Ministry of Energy of the Republic of Belarus, ZAO "Technics and Communications", supported by other related state authorities and private companies, organizes from October 13 to 16, 2015 in Minsk (Roofed Soccer Arena, prospect Pobeditelei 20/2) the 20th Belarusian Energy and Ecology Forum, which includes the 20th International Specialized Exhibition "Energy Expo 2015", the 10th Specialized Exhibition "Water and Air Technologies 2015", the 11th Specialized Exhibition "ExpoLight 2015" and the 20th Belarusian Energy and Ecology Congress.

Since it was first held in 1995 Energy Expo traditionally draws attention of leading international and domestic manufacturers of hardware, technologies and materials for the energy sector, environmental protection, energy saving and electrical engineering. Today the Exhibition is one of the largest of its kind in the CIS and the Baltic States.

The year 2014 witnessed participation over 320 companies from 15 countries of the world (Austria, Belarus, Germany, Italy, China, Lithuania, Poland, Russia, Turkey, Finland, France, Czech Republic, Switzerland, Sweden, Estonia), including the largest domestic manufacturing and engineering firms as well as a big number of their foreign counterparts interested in supplying products and technologies to Belarus.

In order to expand multilateral contacts and to increase the number of participants, it has been decided for the Forum to host the events of the General Assembly of the International Electrotechnical Commission (IEC) in Minsk (Belarus) during the specified period of time. The IEC is a leading global partner for the World Trade Organization (WTO) for non-tariff regulation in the fields of electrical engineering, electronics, and communications. The representatives of 163 member states participate in the IEC that was founded in 1906.

Welcome to the 20th Belarusian Energy and Ecology Forum on October 13-16, 2015 in Minsk, Republic of Belarus!
