REPUBLIC OF BELARUS

# FACTS ABOUT BELARUS

from the country's capital, Minsk, it is 500 km to Warsaw, 700 km to Moscow, 1,060 km to Berlin and 1,300 km to Vienna

Belarus is situated in the heart of Europe, at the crossroads of trade routes from west to east and north to south. The shortest transport routes between the CIS and Western Europe run across the country. It is larger than Austria, Ireland, Portugal or Greece. Administratively, the territory is divided into six regions.

POPULATION	9.5 mln (45.8 people/km <sup>2</sup> )
CAPITAL	Minsk (1.97 mln)
TERRITORY	207,600 km <sup>2</sup>
GDP (Purchasing Power Parity)	\$ 175.9 bln (2017)
GDP PER CAPITA (PPP)	\$18,600 (2017)
CURRENCY	
	Belarusian Ruble (BYN), \$/BYN ≈ 2.0011(07. 2018)
S&P / FITCH	B/B (stable)

Potential investors can join the privatization process of state-owned enterprises at various stages:

- by the way of strategic investment cooperation with the involvement of new technologies
- access as new shareholders during transformation of enterprises into open joint-stock companies
- by acquisition of state-owned shares in existing open joint-stock companies
- by acquisition of a state or municipal unitary enterprise as an asset complex

## MAIN ACTS OF LAW OF BELARUS ON ISSUES OF INVESTMENTS ATTRACTION

Law No 53-3 of the Republic of Belarus On Investments of 12 July 2013:

Foreign investors are guaranteed unimpeded transfer from the Republic of Belarus of compensation, profit (income) and other legally received funds related to the implementation of investment in the territory of the Republic of Belarus, as well as payments made in favor of a foreign investor and related to the implementation of investments after payment of the laws established by the legislation of the Republic of Belarus taxes, dues (duties) and other mandatory payments to the republican and local budgets, state extra-budgetary funds technological command.

Decree of the President of the Republic of Belarus of 6 August 2009 No 10 On the creation of additional conditions for investment in the Republic of Belarus

Decree of the President of the Republic of Belarus of 7 May 2012 No 6 On stimulation of entrepreneurial activity in the medium and small towns, rural areas

Polymir plant is one of two  
Belarusian oil refineries. The basis of  
the technology of the plant is the  
pyrolysis of hydrocarbon raw  
materials - gasoline and light  
hydrocarbon fractions of oil and gas  
refineries. Oil processing is carried  
out on more than 40 process units,  
which allows obtaining a wide range  
of oil refining products. The  
technology includes numerous  
stages of processing the  
hydrocarbon fractions of pyrolysis to  
produce final products.

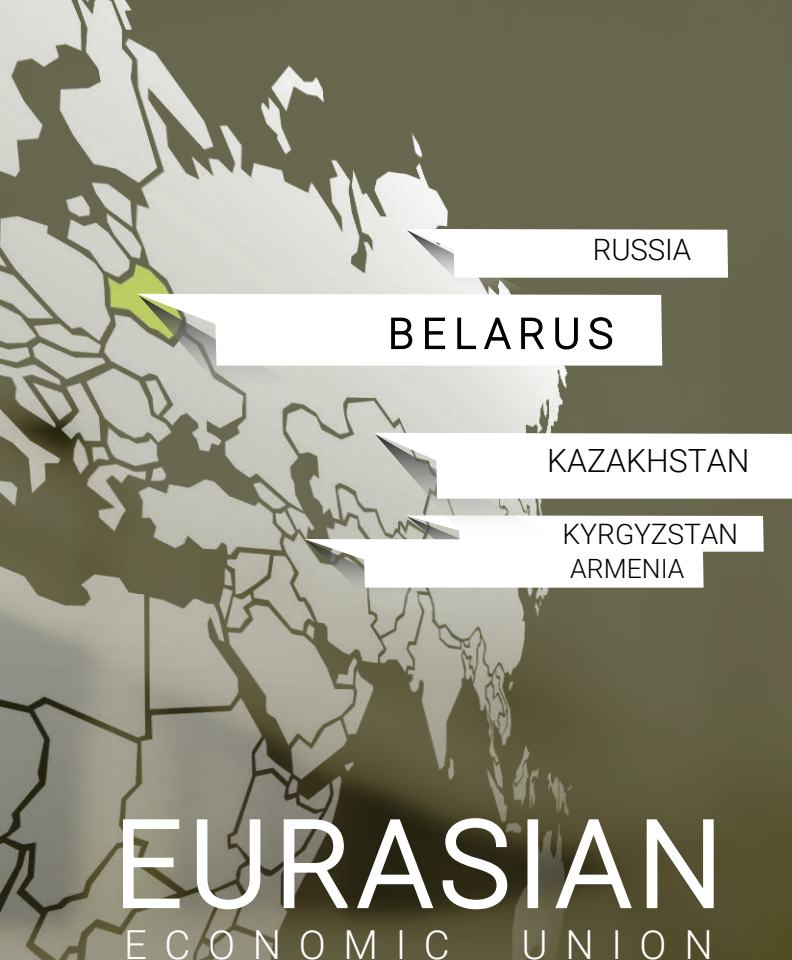

## INVESTMENT ENVIRONMENT

In 2017, in terms of doing business, Belarus strengthened access to credit by adopting two new decrees that establish a unified collateral registry.

In the world ranking of investment attractiveness International Business Compass 2016, Belarus is on the 89th place among 174 countries of the world. The rating has been performed by the Hamburg Institute of World Economy in cooperation with the auditing company BDO annually since 2012.

Belarus ranks 52nd out of 188 countries in the Human Development Index list. Its HDI ranking for 2016 puts the country in the “very high human development” group. Belarus ranks 65th out of 128 in the 2017 Social Progress Index. Belarus improved its position in comparison with the previous results. Belarus has the highest scores on the following components of social progress: access to basic knowledge, nutrition and basic medical care, water and sanitation, shelter, personal safety.
